WELCOME TO BHOPAL THE CITY OF LAKES

At Digidarshik, our mission is driven by a commitment to making a meaningful impact in the lives of individuals with disabilities. Through our multifaceted approach, we strive to create inclusive communities and empower individuals to reach their full potential.

Our organization operates on five key fronts

1

Special School: We operate modern, well-equipped centres dedicated to providing specialized education and care for differently-abled children. Our centres offer a nurturing environment where each child receives personalized attention and support to thrive.

2

Professional Training Programs: Digidarshika conducts Professional Grade Training Programs to train Special Educators and Skilled Resource Persons in the field of Mental Health & Disabilities. Our SE-ID (Special Education Intellectual Disability) Courses, including D.Ed., B.Ed., and M.Ed., have been empowering individuals since 1992, 2010, and 2016, respectively.

3

Model Services in Mental Health & Disabilities: Serving as models and laboratories for Human Resource Development programs, our initiatives aim to set high standards of care and support for individuals with diverse needs.

4

Technical Guidance & Services: Digidarshika provides technical guidance and services in the field of Mental Health & Disabilities to other organizations. Our expertise and experience enable us to offer valuable insights and support to partners seeking to enhance their impact in this critical area.

5

Information & Research Documentation: With our deep expertise in the Mental Health & Disabilities sector, Digidarshika specializes in the assimilation and documentation of information and research.

Bhopal, the capital city of the Indian state of Madhya Pradesh, serves as the administrative hub of both Bhopal district and division. Known as the "City of Lakes," Bhopal boasts a serene landscape and a rich cultural heritage. Home to various educational and research institutions of national importance, Bhopal stands as a beacon of knowledge and innovation.

Among its distinguished establishments are ISRO's Master Control Facility, BHEL, and AMPRI. Bhopal proudly hosts a multitude of institutes recognized as National Importance in India. These include IISER, MANIT, NITTTR, SPA, AIIMS, NLIU, IIFM, NIFT, NIDMP, and IIIT (currently operational from a temporary campus within MANIT).

Travel convenience is ensured with Raja Bhoj International Airport, situated near the suburb of Bairagarh. This airport serves as the primary gateway to the state of Madhya Pradesh, India. Within the city limits, Rani Kamalapati railway station (Formerly Habib Ganj railway station) stands as a testament to modernity and efficiency. It is hailed as India's first Public-Private-Partnership railway station and is promoted as the first world-class railway station in the country.

Discover the charm and vibrancy of Bhopal as you explore its picturesque lakes, delve into its academic and research endeavours, and experience the seamless connectivity it offers.
